2022 Highlights & Milestones

PASSPort Public

In **June 2022**, the Mayor's Office of Contract Services (MOCS) launched PASSPort Public, a data transparency portal that gives unprecedented insight into the City's main procurement system. The Procurement and Sourcing Solutions Portal (PASSPort) serves as a new window into City contracting for new vendors and businesses who face barriers to accessing the procurement process.

Your Path to Contracting with the City

In **September 2022**, MOCS launched [Your Path to Contracting with the City](#), a vendor roadmap designed to demystify New York City's procurement process. The roadmap serves as a high-level, step-by-step guide to assist vendors on their contracting journey.

M/WBE Non-Competitive Procurement Method \$1 Million Threshold Increase

In **October 2022**, Governor Kathy Hochul signed [legislation A.10459/S.9351](#) increasing opportunities for Minority and Women-Owned Business Enterprises (M/WBEs) to contract with the City. By increasing the threshold limit of City contracts that can utilize the City's M/WBE Non-Competitive Procurement Method from \$500,000 to \$1,000,000, M/WBEs will now be able to more effectively compete for larger contracts.

As of **January 12, 2023**, City agencies can now procure goods, services and construction up to \$1,000,000 using the Non-Competitive Procurement Method.

New MOCS Initiatives Just for You!

MOCS in Your Neighborhood

We are excited to announce the launch of our newest initiative MOCS in Your Neighborhood: PASSPort Vendor Enrollment Assistance!

MOCS in Your Neighborhood is a monthly in-person workshop series designed to meet vendors where they are – alternating boroughs monthly – to provide the critical support and resources needed to help them get ready to do business with the City. Training topics include completing PASSPort Vendor Enrollment and Finding Contracting Opportunities for M/WBEs.

M/WBE Business Feature

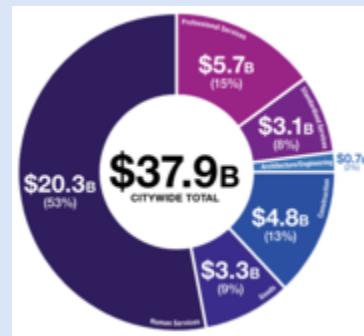

This year, MOCS will launch a pilot program initiative designed to highlight Minority and Women-Owned Business Enterprises

A Special Notice to Vendors

The NYC Mayor's Office of Contract Services wishes to make you aware of a change in New York State law which expands existing employer new hire reporting requirements to include reporting of independent contractors.

Effective January 1, 2022, all employers are required to report to the New York State Department of Taxation and Finance each newly hired and rehired independent contractor working in New York State, including individuals under an **independent contractor arrangement** with contracts in excess of \$2,500. Employers have 20 days from the hiring date to report certain identifying information to the Tax Department. Although not required, employers are encouraged to report all independent contractors regardless of contract amount.

Employers are key partners in ensuring financial stability for many children and families. New hire reporting facilitates the child support income withholding process and expedites collection of support from parents who change jobs. In addition, city contracts require that vendors abide by all federal, state and city laws. State law allows a \$20 penalty for each employee not reported in a timely manner and a \$20 penalty for each employee for whom the employer fails to file a report showing the required information.

For more information, please read the attached New York State Office of Temporary and Disability Assistance fact sheets or visit the NYS Tax Department links below:
